

Dear sir/madam,

The Central Procurement Supplies Unit (CPSU) within the Ministry for Health Malta is in urgent need of the Personal Protective Equipment due to the COVID19 scenario.

The order was raised with our local supplier VJ Salomone, Malta through foreign supplier Oley.

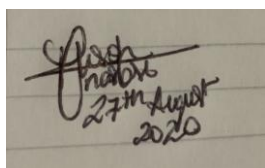

We would appreciate if the urgent consignment is uploaded in full due to the situation.

The product is needed urgently as it cannot be sourced from anywhere else due to global shortage as an interim until actual delivery through shipment.

I trust in your assistance and attention to this matter.

Thank you,

Best regards,

Alison Anastasi
